Rev & dear Sir

"Mrs Jane Bilby" was for a time a member, perhaps, on the strength of written testimonials, a communicant, with us, though as to the last point I have no certain recollection. But her name is not on our records & I think she cannot have joined us.

There is probably some of that confusion in her ideas or her expressions which the "old-country" people often exhibit, as to the subject of holding a changing church relations.

I recollect thinking well of the woman.

In haste yours truly

J. W. Chickering.
